

This is a high-contrast, black-and-white image of a book's spine and cover. The spine, on the left, is dark and textured, showing signs of wear and possibly a binding material like cloth or leather. The cover, on the right, is lighter and appears more worn, with visible horizontal lines suggesting a binding structure or a specific material texture. The image is heavily degraded with significant noise, including vertical streaks and horizontal banding, which obscures any original details or text that might have been present.
